ACCESS AND MOVEMENT

1. New pedestrian path connecting Vicki Street with Bob Saker Oval and the balance of the reserve.
2. Open Kira Court to through traffic.
3. Install 4 designated car parks for passenger drop off and pick up.
4. Renew the main car park, including lighting and new pedestrian path.
5. New car park (est 40 spaces) to offset loss of spaces from main car park, including a new sealed path. WSUD measures (permeable paving and stormwater harvesting to be investigated).
6. Seal the small existing car park.

SPORTING FACILITIES

7. Upgrade the playing surface and install a compliant cricket pitch (min 2.4m wide).
8. Install floodlighting (100 lux).
9. New combined unisex toilet, store and shelter to service sporting uses.
10. Install floodlighting (100 lux).
11. Remove the Cricket Practice Nets and realign the gravel path.
12. New Multipurpose Court and Cricket Practice Nets (4 lanes).
13. Reconfigure Bob Saker Oval to accommodate a senior size (100 x 64m) soccer pitch and retain as the main cricket oval.
14. Install floodlighting (100 lux).
15a. New Community Sports Pavilion with compliant cricket and soccer facilities, includes public toilets.
15b. Retain existing Northern Hall Pavilion as a separate building.
16. Extend the height of the fence to 5m for a length of 25m behind the Main Soccer Pitch goals.
17. Remove the Southern Pavilion.
18. Renew the terracing and spectator seating and install a shelter over.
19. New soccer goal storage compound.

RECREATION FACILITIES

20. Upgrade the Scout hall: replace the floor, install heating / cooling, upgrade the southern Hall entrance to a compliant accessible entry, and waterproof the main store under the Scout Hall.
21. Return the cricket net area to open space and install a community gathering space with shelters, picnic tables and a BBQ.
22. Accessible landscaped forecourt and community gathering space between Bob Saker Oval and the new and existing pavilions and around the oval, incorporating level transition, integrated seating and spectator viewing, public lighting and soft landscaped treatments.
23. Reconfigure the existing playspace to accommodate the cricket nets. Renew the play space to 'local' level and install fencing along the Vicki Street boundary.
24. **Cease dog off-lead use on Bob Saker Oval and transition to the South Mid Oval. Install a 1.2m high fence with partial openings to support shared use as a sports field and dog off-lead area. Relocate or provide shelter, seating and dog facilities as required.**

OPEN SPACE / ENVIRONMENT

25. Renew the existing ephemeral wetland.
26. Replace the pine bollards with 1100mm high chain mesh fence. Dog off leash exercise permitted when not being used for organised sporting activities.
27. New 5m high chain mesh fence to protect adjacent properties from balls.
28. Retain the bushland park and enhance the natural and environmental values.
29. Retain as informal open space, install gravel path connection and strengthen tree planting.
30. Realign the Main Soccer Pitch eastern perimeter fence.
31. New public open space area.
32. Increase the power supply into the reserve: new pole mounted sub-station installed at the reserve entrance, and a new power distribution board is to be installed on the reserve at a location to be determined.
